Board of Trustees
Reclamation District No. 828
c/o Daniel Schroeder
P.O. Box 20
Stockton, CA 95201-3020

We are pleased to confirm our understanding of the services we are to provide Reclamation District No. 828 for the year ended June 30, 2023.

Audit Scope and Objectives

We will audit the financial statements of the governmental activities, each major fund, and the disclosures, which collectively comprise the basic financial statements of Reclamation District No. 828 as of and for the year ended June 30, 2023.

The objectives of our audit are to obtain reasonable assurance as to whether the financial statements as a whole are free from material misstatement, whether due to fraud or error; issue an auditor's report that includes our opinion about whether your financial statements are fairly presented, in all material respects, in conformity with the cash basis of accounting. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. Misstatements, including omissions, can arise from fraud or error and are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment of a reasonable user made based on the financial statements.

Auditors' Responsibilities for the Audit of the Financial Statements

We will conduct our audit in accordance with GAAS and will include tests of your accounting records and other procedures we consider necessary to enable such opinions. As part of an audit in accordance with GAAS, we exercise professional judgment and maintain professional skepticism throughout the audit.

We will evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management. We will also evaluate the overall presentation of the financial statements, including the disclosures, and determine whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation. We will plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations that are attributable to the District or acts by management or employees acting on behalf of the District.

Because of the inherent limitations of an audit, combined with the inherent limitations of internal control, and because we will not perform a detailed examination of all transactions, there is an unavoidable risk that some material misstatements may not be detected by us, even though the audit is properly planned and performed in accordance with GAAS. In addition, an audit is not designed to detect immaterial misstatements or violations of laws or governmental regulations that do not have a direct and material effect on the financial statements. However, we will inform the appropriate level of management of any material errors, fraudulent financial reporting, or misappropriation of assets that comes to our attention. We will also inform the appropriate level of management of any violations of laws or governmental regulations that come to our attention, unless clearly inconsequential. Our responsibility as auditors is limited to the period covered by our audit and does not extend to any later periods for which we are not engaged as auditors.

We will also conclude, based on the audit evidence obtained, whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

Our procedures will include tests of documentary evidence supporting the transactions recorded in the accounts and direct confirmation of certain assets and liabilities by correspondence with selected creditors and financial institutions. We will also request written representations from your attorneys as part of the engagement, and they may bill you for responding to this inquiry.

We may, from time to time and depending on the circumstances, use third-party service providers in serving your account. We may share confidential information about you with these service providers but remain committed to maintaining the confidentiality and security of your information. Accordingly, we maintain internal policies, procedures, and safeguards to protect the confidentiality of your personal information. In addition, we will secure confidentiality agreements with all service providers to maintain the confidentiality of your information and we will take reasonable precautions to determine that they have appropriate procedures in place to prevent the unauthorized release of your confidential information to others. In the event we are unable to secure an appropriate confidentiality agreement, you will be asked to provide your consent prior to the sharing of your confidential information with the third-party service provider. Furthermore, we will remain responsible for the work provided by any such third-party service providers.

Audit Procedures—Internal Control

We will obtain an understanding of the District and its environment, including internal control relevant to the audit, sufficient to identify and assess the risks of material misstatement of the financial statements, whether due to error or fraud, and to design and perform audit procedures responsive to those risks and obtain evidence that is sufficient and appropriate to provide a basis for our opinions. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentation, or the override of internal control. An audit is not designed to provide assurance on internal control or to identify deficiencies in internal control. Accordingly, we will express no such opinion. However, during the audit, we will communicate to management and those charged with governance internal control related matters that are required to be communicated under AICPA professional standards.

Audit Procedures—Compliance

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we will perform tests of Reclamation District No. 828's compliance with the provisions of applicable laws, regulations, contracts, and agreements. However, the objective of our audit will not be to provide an opinion on overall compliance and we will not express such an opinion.

Other Services

We will prepare the financial statements of Reclamation District No. 828 in conformity with the cash basis of accounting based on information provided by you. We will also prepare the Special Districts – Local Government Compensation Report and the Special Districts Financial Transaction Report.

We will perform the services in accordance with applicable professional standards. The other services are limited to the financial statements services previously defined. We, in our sole professional judgement, reserve the right to refuse to perform any procedure or take any action that could be construed as assuming management responsibilities.

You agree to assume all management responsibilities for financial statement preparation services and any other nonattest services we provide; oversee the services by designating an individual, preferably from senior management, with suitable skill, knowledge, or experience; evaluate the adequacy and results of the services; and accept responsibility for them.

Responsibilities of Management for the Financial Statements

Our audit will be conducted on the basis that you acknowledge and understand your responsibility for designing, implementing, and maintaining internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error, including monitoring ongoing activities; for the selection and application of accounting principles; and for the preparation and fair presentation of the financial statements in conformity with the cash basis of accounting.

You are responsible for including all informative disclosures that are appropriate for the cash basis of accounting. Those disclosures will include (1) a description of the cash basis of accounting, including a summary of significant accounting policies, and how the cash basis of accounting differs from GAAP; (2) informative disclosures similar to those required by GAAP; and (3) additional disclosures beyond those specifically required that may be necessary for the financial statements to achieve fair presentation.

Management is also responsible for making drafts of financial statements, all financial records, and related information available to us and for the accuracy and completeness of that information (including information from outside of the general and subsidiary ledgers). You are also responsible for providing us with (1) access to all information of which you are aware that is relevant to the preparation and fair presentation of the financial statements, such as records, documentation, identification of all related parties and all related-party relationships and transactions, and other matters; (2) additional information that we

may request for the purpose of the audit; and (3) unrestricted access to persons within the District from whom we determine it necessary to obtain audit evidence. At the conclusion of our audit, we will require certain written representations from you about the financial statements and related matters.

Your responsibilities include adjusting the financial statements to correct material misstatements and confirming to us in the management representation letter that the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements taken as a whole.

You are responsible for the design and implementation of programs and controls to prevent and detect fraud, and for informing us about all known or suspected fraud affecting the District involving (1) management, (2) employees who have significant roles in internal control, and (3) others where the fraud could have a material effect on the financial statements. Your responsibilities include informing us of your knowledge of any allegations of fraud or suspected fraud affecting the District received in communications from employees, former employees, grantors, regulators, or others. In addition, you are responsible for identifying and ensuring that the District complies with applicable laws and regulations.

Engagement Administration, Fees, and Other

We understand that your employees will prepare all cash or other confirmations we request and will locate any documents selected by us for testing. We will schedule the engagement based in part on deadlines, working conditions, and the availability of your key personnel. We will plan the engagement based on the assumption that your personnel will cooperate and provide assistance by performing tasks such as preparing requested schedules, retrieving supporting documents, and preparing confirmations. If, for whatever reason, your personnel are unavailable to provide the necessary assistance in a timely manner, it may substantially increase the work we have to do to complete the engagement within the established deadlines, resulting in an increase in fees over our original estimate.

The audit documentation for this engagement is the property of Schwartz, Giannini, Lantsberger & Adamson and constitutes confidential information. However, subject to applicable laws and regulations, audit documentation and appropriate individuals will be made available upon request and in a timely manner. We will notify you of any such request. If requested, access to such audit documentation will be provided under the supervision of Schwartz, Giannini, Lantsberger & Adamson personnel.

Nikolas Torres is the engagement partner and is responsible for supervising the engagement and signing the report or authorizing another individual to sign it. We expect to begin our audit on approximately August 1, 2023 and to issue our reports no later than October 1, 2023.

Our fee for these services is \$4,800. An invoice will be rendered upon completion of our audit and is payable upon presentation. The above fee is based on anticipated cooperation from your personnel and the assumption that unexpected circumstances will not be encountered during the audit. If significant additional time is necessary, we will discuss it with you and arrive at a new fee estimate before we incur the additional costs.

Reporting

We will issue a written report upon completion of our audit of Reclamation District No. 828's financial statements. Our report will be addressed to the Board of Trustees of Reclamation District No. 828. Circumstances may arise in which our report may differ from its expected form and content based on the results of our audit. Depending on the nature of these circumstances, it may be necessary for us to modify our opinions, add a separate section, or add an emphasis-of-matter or other-matter paragraph to our auditor's report, or if necessary, withdraw from this engagement. If our opinions are other than unmodified, we will discuss the reasons with you in advance. If, for any reason, we are unable to complete the audit or are unable to form or have not formed opinions, we may decline to express opinions or withdraw from this engagement.

We appreciate the opportunity to be of service to Reclamation District No. 828 and believe this letter accurately summarizes the significant terms of our engagement. If you have any questions, please let us know. If you agree with the terms of our engagement as described in this letter, please sign the attached copy and return it to us.

Very truly yours,

Nikolas Torres, CPA

FIELD REPORT

OWNER:	Reclamation District No. 828	PROJECT:	Weber Tract 2023 Maintenance
CONTRACTOR:	N/A	CONTRACT NO.:	n/a
KSN JOB NO.:	2153-9023-03	DATE:	06/23/2023

Weather / Temperature:

Sunny & clear / 82°F / 34% relative humidity, and 7mph wind

Location:

Waterside levee slope of Weber Tract across from Forgach property

Personnel on site:

Sally Forgach, Allan Sanchez (?)

Contractor work hours:

n/a

The following was noted:

- I met Sally across from 1968 Canal Drive on Smith Tract to view erosion that she claimed had occurred over the most recent high-water event. The tide levels at the time of my visit 2pm was 1.1 ft. and ebbing. There was an obvious 5-6' vertical soil face evidenced from across the canal that was not easily seen from the Weber Tract slope. I had Dino Macias, Jr. take a photo from across the canal to use me as a reference as to the size of the vertical slope.

Re: Ron Edwards 1505 W. Walnut Ave
Plan Review of Improvements on the District's Levees

Dear Andy,

We have reviewed the improvements placed upon the District's levee at Mr. Edwards' property at 1504 Walnut Ave and are OK with their placement. We have evaluated the extent of the encroachment and the excavation which do not encroach into the District's Levee Standard.

We recommend that the Board of Trustees endorse this plan review for Mr Edward's property at the July Board of Trustees Meeting and notify him accordingly. We have attached assorted surveys, photos and correspondence related to this submittal for the District files.

Any questions please contact me.

Sincerely,
KJELDEN, SINNOCK & NEUDECK, INC.

WHEREAS, Reclamation District No. 828 provides a benefit and service to the land located within the District by the repair, upgrading, maintenance and operation of the reclamation works of the District in that such works serve to prevent the flooding of the land within the District; and

WHEREAS, the revenues received by the District from the County of San Joaquin in accordance with the statutes enacted under Article XIII A of the California Constitution are insufficient to provide the benefits and services which the District is obligated by the California Water Code to provide, and specifically are insufficient to insure proper maintenance of the reclamation works and to provide for emergencies; and

WHEREAS, the District is empowered by sections 51200 et seq. and section 50904 of the California Water Code to fix and collect assessments for the provision of such benefits and services to supplement the revenues received from the County of San Joaquin, and to provide for the collection of such assessments by the San Joaquin County Auditor, and to provide for penalties and procedures in the event of delinquency of payment of such assessments; and

WHEREAS, this Resolution is in compliance with the California Water Code; and

WHEREAS, the District has complied with the procedures of California Constitution Articles XIIC and XIID; and

NOW, THEREFORE, BE IT RESOLVED, AND IT IS HEREBY RESOLVED, by the Board of Trustees of Reclamation District 828 that:

1. The foregoing recitals are true and correct and this Board so finds and declares.
2. It is the determination of the Board that the benefits and services provided by the District apply to each lot within the District except as specific adjustments have been approved by this Board after hearing.
3. The assessments for the fiscal year 2023-2024 are established in the amount of \$0.054 for each \$100.00 of assessed valuation on the Operation and Maintenance Assessment Roll for this District as adopted by the Board of Supervisors of San Joaquin County on July 30, 1991.
3. The San Joaquin County Auditor is requested to collect such assessments, as set forth on Exhibit "A" attached hereto.

4. Such assessments shall appear as a separate item on the San Joaquin County Property Tax Bill for fiscal year 2023-2024 and shall be collected at the same time and in the same manner as the San Joaquin County Ad Valorem Property Taxes, and shall be subject to the same penalties and the same procedure and sale in case of delinquency as are provided by law for such County taxes.

5. In the case of all parcels within the District which are owned in common by more than one owner, and which do not have a separate legal entity holding the title thereto, the assessments otherwise applicable thereto shall be paid equally by the common owners.

6. In the case of all Planned Unit Residential Development areas (exclusive of independent recreation facilities, independent common green parcels, and entrance features which shall be billed to the applicable owner's association), assessments established by this Resolution shall be apportioned equally to each residential unit in such areas.

7. The revenue so collected which is necessary for the provisions of said benefits and services, is supplemental to the revenues received by the District from the County of San Joaquin in accordance with the statutes enacted under Article XIII A of the California Constitution and is not in lieu thereof.

8. The President and Secretary of the District are hereby authorized and directed to execute such documents as are necessary to carry out this Resolution.

9. The Engineer and Attorney for the District are hereby authorized and directed to assist the Auditor of San Joaquin County in preparing the rolls to comply with this Resolution, and to bill separately those parcels assessed which do not appear on the rolls.
